

LANDSCAPE DESIGNER

Location: Herndon, VA (Northern Virginia region)

Job Description:

Are you passionate about design? Are you a go-getter who comes alive when presented with a challenge? At Hidden Lane Residential Landscapes, each designer is responsible for new-client meetings, site surveys, studio design, project oversight, and much more! Designing and developing high-end, one-of-a-kind residential landscapes, is what we've been doing for over 60 years. Our designers take pride in their art and are committed to discovering the best solution for each and client and situation. We operate with the mentality that each design is more than “just another landscape” – It is the future of our company. Do you have what it takes to join our team of highly skilled and successful landscape designers?

Landscape Designer checklist:
