

MAINTENANCE ACCOUNT MANAGER

Location: Herndon, VA (Northern Virginia)

We are looking for a very bright and ambitious person who wants to play an important role in our thriving residential landscaping company. Our maintenance division specializes in high-end residential garden maintenance, pruning, and plant care. Must have a strong business aptitude with the flexibility to learn our processes through hands-on training.

Job Duties:

- Meet with clients, prepare maintenance and enhancement estimates/proposals
- Communicate regularly with clients
- Supervise and provide support for maintenance crews, perform quality control site visits
- Work with the Maintenance Manager to schedule jobs and create efficient routes
- Partner with the Maintenance Manager and Foreman to ensure customer expectations are being met
- Assist Maintenance Manager in meeting production goals and training maintenance crew
- Apply pesticides and fertilizers as necessary while managing the IPM program

Job Requirements:

- Degree in Agricultural Sciences, Horticulture, Landscape Contracting, Landscape Management, or related majors and experience in the landscaping industry
- Virginia Commercial Pesticide Applicator License or the ability to obtain within 6 months of employment
- Excellent problem solving and organizational skills
- Leadership experience
- Valid Driver's License

Compensation:

Top pay and benefits, including health insurance and retirement
